TOO MUCH HASTE—HOME MECHANICS RULED OUT.

There is no remedy for it so long as the wicked rule, and we mention it only as a matter of news and information to the people, that on Wednesday last the Penitentiary Board met to open the bids and award contracts for the work on the new Penitentiary, the result of which is that not a mechanic of the State has got even a little finger in the pie.

We think, from the depleted condition of the State finances, that it will take some five or six years to complete this great undertaking.

On Wednesday, when the Board met, there were bidders from Ohio, Pennsylvania, Maryland, District of Columbia and North Carolina. Some of these bidders appeared in Raleigh a week before the letting, their purpose being to inspect the plans and specifications of the work in order to make the necessary calculations for putting in their bids. The general drawings, we learn, have been on deposit at the Clerk's office at the Penitentiary for several weeks, but the detailed or working drawings were not seen or shown until Wednesday morning, the day the bids were to be opened.

The Chief Architect arrived with his bidders and their bids from Ohio, on Tuesday night, bringing with him the detailed drawings, which was the first time that any one in *this State* had had a chance of seeing them. The proposition was to close the bidding at 12 o'clock, M., Wednesday; but Mr. Adams, of Philadelphia declared that it was impossible for him to go over the drawings and make his estimates by 12 o'clock. The Maryland bidders asked an extension of the time to make their calculations, as they had not been able to look at the drawings until that morning.

The Ohio bidders, or some of them, were anxious to close the bidding at twelve o'clock; finally it was agreed that the bidding should close and the proposals be opened at 4 o'clock the same afternoon.

No living man, we are informed by reliable authority, could have made the estimates in the time allowed between the exhibition of the drawings and the time for closing the bids; and we learn from experienced mechanics that it was necessary to an intelligent calculation, especially on some parts of the works, to have the working drawings before them.

One gentleman from Maryland put in a bid more by guess than accurate calculation, and of course was obliged to give himself considerable margin. No native had a chance at any part of the work. It was all, or nearly all, awarded to Ohio men, and why? The Maryland bidders inform us that from the looks of the detailed drawings, the Ohio bidders who came on with the Chief Architect, must have seen and examined them before they were brought here, and made their calculations at their leisure, and hence they were ready on Wednesday to have the bidding closed at 12 o'clock.

This is an Ohio job. The Rev. Mr. Welker, that old political divine who, under the Constitution of our fathers, would have been excluded from a seat in the Legislature, is from Ohio.—The Chief Architect is also from Ohio. In this Penitentiary matter, then, it is not wonderful that Ohio should come down here with advantages over our own Mechanics and kick them into the background. Six of the contracts amounting to $493,451.83 go to bidders from Ohio, while the balance, amounting to $116,143 35 go to Pennsylvania and Maryland. Not a nail to to be driven by a North Carolina Mechanic!

The Governor's organ informs the public that Mr. Coleman, of the firm of Coleman & Bothers, will throw all the work he can in the hands of home workmen. Why could not the Board do what Mr. Coleman promises to do? Why did they not give home workmen and Maryland workmen, a chance at the details and time to make their calculations?

The Governor's policy and the policy of his entire administration, is driving and has driven some of the best and most skillful mechanics from the State. We saw three of them in Norfolk, Va., last year; they had been turned off from the N. C. Railroad because they chose to exercise the rights of freemen on political questions. We think many agents and section masters were turned off from that road for the same cause. We know that Professors Phillips, Fetter, Hubbard, Martin and Hepburn, were dismissed from the University for the same cause, while carpet baggers who are scorned and contemned by the people, were installed as Professors to preside over vacant chairs and empty buildings, to the great detriment of the University and the cause of education in the State.

Many may remain silent under this state of things, but there is one portion of our people that cannot be silenced; we mean those who dig their taxes out of the ground, and those who hold the adz and push the plane. The Governor will hear from them in August next.

We have written the above after talking with intelligent gentlemen who had designed to put in bids for work on the Penitentiary, if they had had a chance, who think themselves unfairly dealt with in the letting. We will do the Board the justice to say, we believe they let the contracts to the lowest bidders, and not to the highest as was the case in the letting of the contract for the Market House.

We do not wish to do injustice to the Chief Architect, nor to the Contractors; we hope they are all good men. We have heard nothing to the contrary, but when we remember the late sales of the Swamp lands; the attempted lease of the N. C. R. R. —the sale of its bonds at 65, and various other antics of this rare administration, we cannot help the reports that reach us creating suspicion of trickery, when the whole facts are viewed together and the money all seem to be going one way.

We have heard that John R. Harrison, Esq., a member of the Board, opposed and protested most bitterly against the course pursued, as unjust to those of our Mechanics and others who wished to put in proposals, and favored a reasonable postponement, but he was overruled. We did not get this information from himself, however, for when we approached him on the subject he declined to answer.

JUDICIAL INFAMY.

There is no greater moral deformity, than a corrupt Judge. Judge Watts, after public association with felons on the State docket, closed Wake Court with an act of Judicial atrocity worthy of Jeffreys of old. That Watts is a corrupt Judge is proven by the evidence to be found in the Bragg-Phillips Committee. He has acknowledged that 5,000 dollars was offered to him in the Rail Road injunction case; and that is just the amount traced to his pockets before the Committee.

Two respectable young men, Utley and Holleman, living twenty miles from this city, were arrested on a bench warrant issued by Judge Watts, on Thursday; they were brought to the Court House about two o'clock, yesterday; the Judge being on the Bench. Without hearing the cause, the officers committed the young men to a felon's jail by order of the Judge without giving them a hearing.

They remained in jail until 5 o'clock, when their Attorney Mr. Fab. H. Busbee, moved to have them brought into Court.—The Judge denied that he had put them there, by saying the officer had not returned the papers before him. This is an outrage upon the liberties of every citizen of the State, which calls aloud for public condemnation.

A MONUMENT PROPOSED TO STONEWALL JACKSON.—We take pleasure in laying before the citizens of Virginia the following card proposing the erection of a monument over Stonewall Jackson's grave, and affording the admirers of that great soldier an opportunity to contribute to the object:

To the Officers and Soldiers of the Second Corps of the Army of Northern Virginia, to all our comrades in arms, and to the friends of our Chieftain throughout our country:

It is generally known that soon after the death of General Jackson the Stonewall Brigade obtained from Mrs. Jackson the privilege of erecting a monument over his remains.

The amount raised was lost in 1865, and the sad reverses in our southern country have prevented the completion of their patriotic and loving purpose. Seven years have passed since our General fell, and we now ask you to unite with us in a suitable memorial of love and respect; one that more than all others meets with the cordial approbation of Mrs. Jackson.

Every State in the South was represented at different times in his army corps. Let organizations be at once formed in every vicinity, and the funds contributed be remitted to either of the undersigned, who will deposit them at the banking house of R. H. Stanly & Co., Richmond, Va., until a sufficient amount is collected.

A HORRIBLE STORY—SMALL-POX AMONG THE INDIANS.

Commissioner Parker, of the Indian Bureau, has received a letter from General Alfred Sully, Superintendent of the Montana Indians, in which he reports that the ravages made by small-pox among the Gros Ventres and Assiniboin tribes have been so great as to almost exceed belief. By General Sully's letter it appears that since last September to the first of February, when the small pox broke out among the Gros Ventres, there have been 741 deaths, which leaves only about twelve hundred of this nation alive. What makes this calamity still more to be deplored is, that, of all the Indians in Montana, the most friendly towards the whites and among the Indians most disposed to accept civilization are the Gros Ventres, and they have suffered terribly. I am informed at one time that deaths at the agency were so rapid that the few men there could not dig graves fast enough. They had to fill up the ice near the forts with the dead and then cover them up. It was fortunate that the weather was cold, otherwise it would have been necessary to abandon the agency. It further appears that when the disease was at its height those suffering with it would prevail on their friends to carry them from their huts into the open air, where they would crawl to the river side and remain for hours immersed in the ice cold water. The consequence was that many took cold from the exposure and died in frightful torment.—Others committed suicide to escape further suffering. The locality of the camp was made known by the cries of the sick, which could be heard a long way off. Under the superstition common among the Indians when greatly afflicted by disease, one of their medicine men was killed to propitiate the offended deity. The scene for long weeks was appalling in the extreme, and it was only through the exertions of the physician and the few citizens employed for the purpose that the ravages of the disease were checked. The late action of the commissioner in sending out an abundant supply of vaccine virus, it is thought, will prevent the recurrence in future of such terrible mortality among all the tribes.—*N. Y. World's Wash. Cor.*

A BABY PLOWED UP.—A negro boy named Harris, while plowing in the Flat River settlement a few days ago, plowed up an infant child that had been buried a little under the surface of the ground.—Decomposition rendered it impossible to define the color.—*Hillsboro' Recorder.*

For the Sentinel.

MR. EDITOR:—Are you aware that the "big Ring," at Raleigh, composed of "our beloved," Littlefield, Clingman & Co., is not the only Radical Ring in North Carolina? If you say you are not, I'll tell you, you are behind the times, sir. There may, and there may not be "Rings" in most of the counties of the State; but certain it is, there is one in Randolph, and a regular ring-master too, to whose coat tail the "lesser lights" hold as as fast as do the hands at Raleigh to the coat tail of Holden. Did you ever ask yourself how it is that Holden obtained such complete control over the great mass of the common native hands engaged in the trivial work of legislation? No sir! say you. Why! sir, the bulk of them never found any one, black or white, that perceived they had any brains till they reached Raleigh, when Holden made this discovery, the most remarkable one of the age; and his modesty did not prevent his making it known to the parties concerned. This made it natural that they should set him down as the greatest man alive, and seize him by the coat tail, shouting "go it bobtail," we'll keep as close to your heels as we can.

This, sir, is no fancy sketch, and could be proved as to the members from Randolph, if witnesses could be found. But I have wandered from the subject of the "Rings."

But, say you, what is the necessity of a county "Ring?" Cannot the big "Ring" at Raleigh, rally everybody and keep things straight? Well! so it can. But then, county "Rings" pay, sir; and this is a sufficient reason.

If the Ringmaster, not able to pay more than twenty-five cents on the dollar on his debts, a year or two ago, is able now to become a large land owner, and have *money enough left "to cover a vast scale,"* why should he not form a county Ring? Answer me that, sir, if you can. But don't this money come out of the taxpayers? Say you, well! what if it does? Why just let the Ringmaster talk to the taxpayers of being about to starve and resigning to keep them in countenance, you simpleton! and all will go well. If the Ringmaster happens to be Clerk of the Superior Court, as our's is; let him make out his bills of costs in State cases separate and apart from the tickets of witnesses that he cannot buy at a large discount, and have them allowed by the "Ring Commissioners," get his orders, turn them over to another Ringman, the Sheriff, who cashes them at par with money received from the mass of the tax payers, and thus absorb the entire money paid to the Sheriff for county tax, so that outside witnesses and jurors who refuse to sell their tickets at a heavy shave have to stand out in the cold with pockets destitute of the needful, or finally come in and submit to the shave of the Ring Master, and tell me whether in this way the Ring Mater cannot make money.—Why, on yesterday our Ring Master offered eighty cents on the dollar for a county order which he purchased this morning at only a trifle above that figure, while no one outside of the Ring could have given so much as he, for the reason that no money had reached the county treasury from the taxes of 1869, only a few days ago, and probably never will. Nor has any reached the Treasurer from any other source, save one stray dollar from the Register; and this is said to have been realized from a piece of land belonging to the county, sold by order of the Commissioners, the Register, a "Ring" man to make the deed, receive the money from the purchaser and turn it over to the Treasurer, and as the said Register did not have an order to fit the amount of the purchase money by the sum of one dollar, this dollar passed without company into the hands of the Treasurer. But it is against the law for County officers to trade in county orders, say you. Be it so, say I.

But just let the brother of the Clerk and "Ring Master" be Solicitor, and all will go right. Do you think that brother Ruff would send a bill to the Grand Jury against brother Bol? no; "Nary time!" Brother Ruff may draw bills and after they have gone into the Grand Jury room, he may go in and urge the jury to return them "true" as against outsiders, and when the jury have found them not true, may urge the Clerk or his deputy to issue capias against the parties, as he did against Enoch Burns, for the sake of a fee, a compromise, or for some other cause that none but a "Ring-Man," or one acquainted with the "Ring" can understand; but there is little ground to fear that he will ever trouble brother Bol, or the "Ring" about trading in county orders. But the people will get after him for this and force him to act, say you, if they do, I reply he has only to put on his tail beaver, and make that bow peculiar to himself, in which he bends only the parts about the seat of honor, and the complaints will be hushed.

But, sir; if you are not yet satisfied that county "Rings," can be made to pay, just follow brother Bol, a little further, and you will give it up that they can. If a reward is bid for the apprehension of any one charged with crime, and a Conservative or any one out of the "Ring" arrests him; let your Ringmaster get up a petition against the payment of the reward; let him swagger about the outrage of the taxpayers being taxed to pay it, and prevent "our beloved's" forking out the cash. Then let him about face as soon as he can secure an agency, and proceed to Raleigh, collect the reward from "our beloved," as did brother Bol, in the case of P. L. Gowan, and like him, come home and declare falsely, if necessary, like brother Bol, that "our beloved" would not pay it, and all that in the face of a letter from a Clerk of the State Treasurer, saying that he would and did pay it; settle with the person making the arrest, in a way to suit himself, or not at all, as may best suit his convenience. Then tell me, sir, if this will not make the "Ring" pay. If you decide it will not, I have but one resource left, which I submit to you, sir, cannot fail. And I must ask you still to follow brother Bol.

Let the Justice of the Peace at the Court House resign. Let your Clerk always be Ringmaster, and let him appoint some *willing soul* like Geo. W. Reis, J. P. Let your "Ringmaster" and J. P., form a law partnership, the "Ringmaster" to practice before his Justiceship, and the J. P. before his Honor, the Judge of Probate and "Ringmastership." And if the cases come in rather slowly, let his justiceship cause sundry women, in or out of his township, no matter which, to appear before him on charges of bastardy. If they can be bound over, then his "Ringmastership" will receive some of the fees, and his magistrateship some—all in the "Ring." But if there should appear no cause for the arrest, why then, sir, let the Justice, like his Justiceship Reid, go before the Commissioners, and have fees allowed him off of the taxpayers; and if his "Ringmastership" fails to receive a fee in these cases, the fees allowed the subordinate will keep him in trim for other services of importance to his master.

If all these expedients show that money can be made by a county "Ring," then copy brother Bol, and make "money enough to cover a wet mule." If not you may give up county "Rings."

BEING OVER $12,000,000 GREATER THAN THE NEW BUSINESS OF ANY OTHER LIFE INSURANCE Co. IN THE WORLD.

PURELY MUTUAL. DIVIDENDS PAYABLE AT THE END OF THE FIRST YEAR AND ANNUALLY THEREAFTER.

The insuring public should not allow itself to be deceived with regard to the term "Annual Dividends." Many companies using this expression mean that their dividends are "annual" after they once begin to pay them at all; but they do not begin to pay until the settlement of the third, fourth, or fifth premium.

One Hundred Dollars paid in dividends at the end of *one year*, and each year thereafter, equals FOUR HUNDRED AND THIRTY-SIX DOLLARS paid at the end of FOUR YEARS, interest at six per cent.

Applications for Assurance may be made to any of the Society Agents throughout the country, or in person or by letter to the General Agents.

THE SENTINEL.

CITY AND STATE ITEMS.

SATURDAY, APRIL 23, 1870.

Mr. Isaac N. Harriss, as Business Clerk, is authorized to make contracts and give receipts, &c., &c.

New Ads.—James M. Towles, Plows and other Agricultural implements.

Milch Cow wanted by Douglas Bell.

Whiskys and other necessary household goods by G. T. Grimsch, who also wants to buy cotton seed.

Limited Up.—Pedestrians on Fayetteville street, last night, were arrested by the brilliantly lighted windows of the new State National Bank building next to Tucker Hall. All the front rooms were lighted and the appearance was one of cheerfulness, beauty and brilliancy. The building is an ornament to the city, and a most commodious, conveniently arranged and finely finished family residence.

The Ku Klux Case.—James Utley and James Holleman are the young men informed against by Sam Clements, col., as two of those who whipped him on Monday night last. They were brought to the city by Deputy Sheriff Maguin, yesterday, and had a hearing before Judge Watts late yesterday evening, who, after hearing the evidence of Clements and another witness, bound each of the accused in a bond of $10,000 to answer at the next term of the Superior Court. The bail was given. We shall give further particulars to-morrow.

Good for Moss.—Our friend at Pacific, who takes the Sentinel as an antidote for the blues, has written and renewed his subscription for another six months. He his discovered that, in addition to other advantages of reading the Sentinel, not to speak of its religious features, it is a specific for dyspepsia. We assure our friend there is no danger toward us from the source he suggests, and we expect to vote at the next election, if we can get any honest men to vote for,

Turtle Soup with a Prefix.—We forget to mention, yesterday, that Pepper and O'Conner keep turtle soup, with a prefix; ready every day, at 11 o'clock and sent to families to order; and the way they fix it up, you might eat bowlsfull of it before you could tell it from the genuine article.

On Dit.—We heard it rumored on the streets yesterday, says the Wilmington *Star*, that Mr. Robert Beggs, who has officiated as Local Editor of the *Post*, of this city, is to succeed Mr. Chas. L. Grady as editor in chief of that paper, and that the change will take effect on and after this morning.

The Howard Investigation.—Architects Clark, of the Capitol, and Mullett, of the Treasury, were before the Howard investigation to-day, and testified that the patent building material of which the Howard University was constructed, was almost worthless. They declared that they would not undertake to erect a building out of it. The architect who did build with it, testified that he was required by General Howard, one of the owners of this patent material, to provide in the contract that the University should be erected with it. This shows the combination to turn the money drawn illegally from the Treasury into the pockets of Howard and the Freedmen's Bureau Ring, by the purchase from them, with government funds, even of worthless material to build the University.—*World's Wash. Telegrams.*

One of those distressing lamp accidents, now of so frequent occurrence, took place at Mr. Hardy Harris' last Sunday night.—Mr. Harris was reading to and catechising his children. The lamp in use was an old one and the "burner" fitted on rather loosely. In handling it for some purpose the burner came off, the flame was communicated to the oil and the result was an explosion of the lamp. Mrs. Harris' dress caught fire, which was extinguished after some exertions, burning her hands badly in the efforts to smother the flames. A little son was also badly burned, so that he has been confined to his bed since the accident.—The bed, the covering of which was used by Mrs. H. in extinguishing the flames, took fire, as did also a pile of newspapers and other things in the room, but were put out in a moment or two. The parties exhibited great presence of mind, or we should have to chronicle a similar sad occurrence as the burning of Mr. Carroll's residence last year. Too much care cannot be used in handling kerosene lamps.—More accidents are recorded from this source than any other. We tender our sympathies to the unfortunate parties, and hope their sufferings may not be of long continuance.—*Henderson Index.*

One of the loil County Commissioners of Stokes, a short time since explaining the beauties of Radicalism to some negroes, and telling them of the benefits the party had been to their race, the chief among them being the Penitentiary. He said—we have built a Penitentiary for you, instead of the whipping post the old secesh used to use. You go there you are clothed well, fed well, and have to work only 8 hours a day, and when you do work more than that you are paid for it, and when you leave there you have more money, better clothes and in every way better off than when you went—now who says it is a bad place."—We suppose if he had been in possession of a copy of the "Legislative address," advising the negroes to burn, kill and steal he would have send that to them also.—*Winston Sentinel.*

A newspaper man committed suicide the other day, in consequence of domestic troubles. He left a letter closing in this manner:

"As a member of the press on the editorial staff of the Cleveland *Herald* and the *Plaindealer*, I tried to build up an honorable record, but adversity has met me at every corner of life, and I am sick of the effort. If the press give this a place in their columns let them do me one last favor. Do not deal harshly with one who has tried to fight the sins and temptations, but has fallen. I have no relations to mourn my loss, only a wife who is not a wife. Will the editor send her a copy of the paper in which this is published? Mrs E. Laurie Rashleigh, Carbondale, Pennsylvania. I have no message to one so lost to all honor. *Abit incitia!* I leave this world, and hope He will forgive the debt.

F. F. Rashleigh."

Snow.—Snow fell here to the depth of two inches on last Sunday night, and Monday was a cold blustery winter day—more like January than the 18th of April.—*Winston Sentinel.*

TELEGRAPHIC.

Friday Evening Dispatches.

WASHINGTON.

Washington, April 22.—Rhode Island politicians here give credit to the following: "At the recent election in Rhode Island, five counties failed to elect members of the Legislature, no candidate having received a majority at the recent election. The democrats carried those counties. This result it is said will secure the election of Mr. Bradley, Chief Justice of that State, to succeed Anthony.

House.—The reservation, Arkansas, is under consideration.

The Committee on Ways and Means meets to-morrow evening, for final action on the finding bill.

The Howard Corruption Committee subjected one of Wood's witnesses to a three hours cross-examination. It is suspected that Howard got an acre of land adjacent to the University without consideration. Members of Howard's family, and Stoff also got property upon what appears *nominal* considerations.

Senate.—Ramsey submitted a report in relation to the Trans-Continental R. R. The report was ordered to be printed.

Chandler's resolution looking to the annexation of the Winnepeg country is under consideration.

The tragedy occurred in the centre of the city. Friday Night Dispatches.

WASHINGTON.

Washington, April 22.—Judge Humphreys of Alabama is nominated for the Supreme Court in the District of Columbia.

It is said the Pennsylvania members of the House, dissatisfied with the progress of the tariff bill, will vote in a body to table it.

In the Senate the bill passed to perfect title and jurisdiction of the United States to the National Cemeteries.

Bill to pay internal revenue officials of the South who could not take the iron clad, was discussed.

Sawyer offered a bill prescribing the oath of office for participants in the rebellion, not disqualified by the 14th amendment, passed. It is the same as the oath taken by Congressmen whose disabilities have been removed. The bill will practically relieve half a million and enable a majority of the southern people to hold Federal offices.

In the House after acting on a number of private bills, a contest arose as to precedence; among the contestants was Butler with his general disability—the Tariff bill was finally taken up. The House is in session to-night.

MISSOURI.

St. Louis, April 22.—Official advices from Fort Sill indicate that the Commanches, Kiowahs and affiliated tribes are anxious for peace.

PENNSYLVANIA.

Philadelphia, April 22.—A number of families have been poisoned by eating cheese which was peddled by a carter who peddled instead of burying it as instructed. No fatal results.

FOREIGN.

London, April 22.—The police are vigilant in the neighborhood of the Pall Mall Gazette office, which the Fenians have threatened to destroy.

Madrid, April 22.—A Carlist Deputy proposed an investigation into the Montpensier duel.—Prim opposed the motion, as the matter has been before the Courts. The Cortes sustained Prim.

London, April 22.—The Fenians unusually active, arms and other war materials were seized yesterday at Manchester and New Castle.

Paris, April 22.—The French army will participate in the plebiscitum election.

A New Discovery!!

Phalon's

"VITALIA;"

OR,

Salvation for the Hair.

CLEAR AS WATER!
WITHOUT SEDIMENT!!
OPEN TO THE LIGHT!!!

For Restoring to Gray Hair its Original Color.

Phalon's "Vitalia" differs utterly from all the hair coloring preparations heretofore used. It is limpid, sweet smelling, precipitates no muddy or slimy matter, requires no shaking, imparts no stain to the skin. Hold it to the light and it is clear and cloudless. It leaves no mark on the scalp; yet it reproduces in gray hair the natural color that time or sickness may have bleached out of it.

☞ Phalon's Vitalia ☜

is for one sole purpose, that of reproducing, with absolute certainty, the natural color of the hair. It is not intended as a daily dressing, nor for removing scurf or dandruff; nor for curing baldness; nor for stimulating the growth of the hair.—These objects may be accomplished after the color has been fixed with the Vitalia, by Phalon's Chemical Hair Invigorator.

The Vitalia is a harmless and unequaled preparation for the reproduction of the original hue of gray hair, and nothing else. This is accomplished in from two to ten applications, according to the depth of shade required. Sold by all druggists.

On reaching the Stomach, it assimulates at once with the food and liquids therein, and from the moment it passes into the Blood, it attacks disease at its fountain head, in its germ and maturity, and dissipates it through the avenues of the organs with unerring certainty, and sends new and pure Blood bounding through every artery and vein.

The tubercules of Scrofula that sometimes flourish and stud the inner coating of the abdomen, like kernels of corn, are withered, dissolved and eradicated and the diseased parts tenanted into life. The Torpid Liver and Inactive Kidneys are stimulated to a healthy secretion, and their natural functions restored to renewed health and activity.

Its action upon the blood, fluids of the body, and Glandular System, are

TONIC, PURIFYING AND DISINFECTANT,

Mr. J. L. KITCHIN:

Dear Sir.—We certify that the "Balding Pump" put up by you in the town of Scotland Neck are a perfect success. They pump very rapidly and by attaching hose, will throw water from 40 to 60 feet and would prove invaluable in case of fire.

LIFE INSURACNE COMPANY.

BOARD OF DIRECTORS:

JOHN DAWSON, B. F. GRADY,
ALEXANDER JOHNSON, Jr., Dr. C. T. MURPHY,
Capt. JOHN E. SPEARMAN, Col. I. A. POWELL,
Cap. I. B. GRAINGER, H. B. EILERS,

OFFICERS OF THE COMPANY:

JOHN DAWSON.....President.
B. F. GRADY.....Vice President and Treasurer.
ALEXANDER JOHNSON, Jr.....Secretary.
Dr. E. A. ANDERSON.....Medical Director.
Wm. A. WRIGHT and C. M. STEDMAN.....Attorneys.
Hon. ELIZUR WRIGHT.....Consulting Actuary.
Rev. B. F. MARABLE.....General Supervising Agent.

THE PRINCIPAL OFFICE OF THE COMPANY IS LOCATED IN WILMINGTON, NORTH CAROLINA, No. 5, NORTH FRONT STREET.

This Company was chartered by the Legislature of North Carolina in February 1869. The Charter is perpetual, and is very liberal in its provisions.

CAPITAL STOCK $300,000,

WITH PRIVILEGE TO INCREASE IT TO

$1,000,000.

The Board of Directors beg leave to say to the people of North Carolina, that this is emphatically A "HOME INSTITUTION." The Stockholders are all North Carolinians; the members of the Board of Directors are all North Carolinians; the officers of the Company are ALL NORTH CAROLINIANS; and the Agents of the Company are all North Carolinians.

Most of the States of the Union, in which Insurance Companies are located, require a heavy deposit from Companies located in other States before being allowed to do business in them; and the Board of Directors of this Company, believing that it was nothing more than "EVEN HANDED JUSTICE" that the Legislature of North Carolina should pass a law requiring such Companies located outside of this State to make a deposit with the Treasurer of the State before being allowed to do business in it, petitioned the Legislature at its late session for the passage of such a law, but that Honorable body turned a deaf ear to our humble petition and refused to do so. Now, we humbly submit that if it is just and right that Insurance Companies LOCATED IN NORTH CAROLINA should be required to make a deposit with the Treasurer of any of her sister States before being allowed to do business in them; then it is equally just and right that Insurance Companies located in such sister States should be required to make a deposit with the Treasurer of North Carolina before being allowed to do business in this State. The Legislatures of other States afford

PROTECTION TO THEIR INSURANCE COMPANIES,

and why in the name of common justice should not the Legislature of North Carolina do the same thing? Has the time not yet come when the "Rip Van Winkle of the South" should wake up? Are the people of the "Good Old North State" to remain forever behind their neighbors in the MARCH OF IMPROVEMENT? Why is it that we cannot establish Institutions of our own and protect and support them, and thereby keep our money at home to benefit our own people, in the same manner that the citizens of other States do? Look at the hundreds of thousands of dollars which go out of the pockets of the people of North Carolina annually, to enrich the Insurance Companies and benefit the people of other States; and what is worse than all, it goes to benefit the people of States which refuse to allow NORTH CAROLINA INSURANCE COMPANIES to do business in them without making a heavy deposit. We have not a single word to say against the Insurance Companies of other States; but as the Legislature of other States afford protection to their Insurance Companies, when such companies in this State are refused protection by our Legislature, we humbly submit that it is the duty of the people of the State to patronize and SUSTAIN OUR OWN COMPANIES; for by doing this they are but simply doing justice to themselves.

The Board of Directors and Officers of this Company assure the people of North Carolina that the Company commences the work of Life Insurance upon a SOUND AND RELIABLE BASIS; and they hereby pledge their honor that the management of the affairs of the company shall be such as will give perfect security and safety to all who may patronize it.

Our Table rates were calculated by the Hon. Elizur Wright, the world-renowned Actuary, and may be relied upon as being correct.

The being a "HOME INSTITUTION," we have no long list of Directors and Stockholders, composed of distinguished gentlemen of other States to spread before you; but we have a respectable list of Stockholders, all of whom are North Carolinians, and a large number of them will be recognized as being some of the BEST CITIZENS OF THE STATE. Nor have we a long array of names of eminent gentlemen abroad to refer to; but we respectfully refer to the good citizens generally of this community.

UNTIL YOU ASCERTAIN FROM

P. F. PESCUD,

General Agent for North Carolina,

WHY THE

National Life Insurance Company,

OF THE

UNITED STATES OF AMERICA

can, and does issue a larger Policy for less money than any other Company, represented in North Carolina.

The National was organized in August 1868. She has issued nearly

10,000 POLICIES,

HAS A CASH CAPITAL OF

$1,000,000,

which was all paid in before a Policy was issued and which has already increased, fifty per cent. All the losses reported to 1st Jan'y last amounted to but $40,000, and as a further evidence of the great care observed in the selection of Risks, that applications amounting to nearly $5 000,000, were rejected last year. Therefore a solid basis and inducements that none but Stock Companies can afford, is enjoyed by all who prefer the National to Mutual or mixed Companies.

ALL LIABILITY FOR LOSSES IS AVOIDED.

Every man who has a family, should try to create an Estate for their support, when he is taken from them by death—and a very small annuity spent for a Policy secures a larger amount of Cash Assetts, and is far more certain, than the same amount will secure in any other investment, and a more tender expression of love and responsibility could not in any other way be more beautifully expressed.

Protected by Copy right for 28 years from May 8th, 1868.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and uninjurious to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination" Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a safe and brilliant illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

From the Missouri Republican.

"Few Companies have started out with such gratifying and flattering prospects of success, and under such favorable auspices. The Company has been extremely fortunate in the selection of its Directory. Its President, James P. Lucas, needs not a word of commendation from us. He enjoys a general reputation as a gentleman of wealth, unquestioned integrity, practical good sense, sound judgment and splendid business capacity.

The Directors rank among the first class of our merchants, bankers and citizens as men of capital, financial ability and experience; men of probity and unblemished reputation. In the character of such a Directory, the community have the best guarantee that the business of the Company will be prudently and judiciously managed."

UPWARD AND ONWARD!!

WHY IS IT BEST TO INSURE IN THE

BROOKLYN LIFE?

BECAUSE,

AMONG OTHER REASONS, IT IS THE ONLY COMPANY IN THE UNITED STATES WHICH PRESENTS THE GREAT FEATURE OF GUARANTEEING DEFINITE

CASH SURRENDER VALUES,

IN CASE A POLICY IS FORFEITED FOR NON-PAYMENT OF PREMIUM.

ALL POLICIES

Are non-forfeitable after two full Annual Premiums have been paid.

The policy-holders of this Company may travel or reside where they choose—anywhere on the Globe.

The BROOKLYN LIFE has paid, and now pays to its policy-holders, LARGER DIVIDENDS than ever before paid by a Life Insurance Company.

DIVIDENDS ARE PAID IN CASH,

or applied to the permanent increase of the policy, or left with the Company to accumulate at interest, in either way, at the option of the policy-holder.

Its Policies are liberal; its premiums moderate and made easy; its losses are paid promptly and its investments are made on the most solid basis, being principally in improved real estate worth twice the amount invested, paying ten per cent per annum.

All its Policies are non-forfeitable and all participate in its profits from the beginning.
